Career Objective

- Motivated Electronics and Communication Engineering student with strong foundations in programming and problem solving, seeking an entry-level role in the IT industry. Eager to apply technical skills in software development and contribute to building efficient, scalable solutions.

Technical Skills

Programming: Java, C, Basics Of Python

Core Subjects: Data Structures & Algorithms, Operating Systems, DBMS, Computer Networks, MYSQL

Backend Development: Spring Boot

Tools: Git, GitHub, VS Code, IntelliJ IDEA, **Soft Skills:** Problem Solving, Analytical Thinking, Team Collaboration

Projects

Hospital Management System | Java, Spring Boot, MySQL, Hibernate, JPA, REST API

2026

- Developed a full-stack Hospital Management System to streamline hospital operations, including patient, doctor, and appointment management.
- Implemented secure authentication and role-based access control for Admin, Doctor, and Patient using Spring Security.
- Built RESTful APIs for CRUD operations on patients, doctors, appointments, and medical records with MySQL database integration.
- Integrated Hibernate and JPA for efficient database management and improved application scalability and maintainability.

Blood Management System | Java, Spring Boot, MySQL, Hibernate, JPA, REST API

2026

- Designed and developed a Blood Management System to efficiently manage blood donors, recipients, blood inventory, and donation records.
- Implemented donor registration, blood request processing, and real-time blood stock tracking with automated inventory updates.
- Developed REST APIs for managing donor details, blood availability, hospital requests, and blood donation history.
- Used Spring Boot, Hibernate, and MySQL to ensure secure data management, reliable performance, and efficient database operations.

Education

University of Visvesvaraya College of Engineering

Oct 2023 – 2027

B.Tech in Electronics and Communication Engineering (CGPA: 9.42)

Bengaluru

Bapuji Independent PU College

2023

PCMB - Karnataka State Board (97.80%)

Badagandi

Bapuji International School

2021

CBSE (94.60%)

Badagandi

Trainings & Certifications

- Infosys Training (Summer Internship I)** – Focused On Problem Solving, Communication, Presentation Skills and Leadership.
- Samsung Innovation Campus (SIC)** – Completed Certified Coding & Programming Certification .
- Campus Champ (Summer Internship II)** – Covered coding fundamentals ,Data Structure and Algorithm and aptitude Training conducted in UVCE.
- learnTube Online Course (Conducted by FFE)** – Java and Fundamentals of Computer course.
- Coursera Online Course (Conducted by FFE)** – completed Spring Boot and Data Structures & Algorithms course.
- FLY Program** – learnt about Consciousness, Initiative, Innovation, and Confidence.
